Note: **Epipens and Allergies:** We realize the importance of educating staff in handling life-threatening allergies. In today's climate, it's something that is quite common. Staff training regarding life threatening allergies ensures a proactive approach to safety. Our staff are CPR and First Aid trained so they will respond appropriately should there be an anaphylactic and/or allergic reaction. [Please bring two (2) epipens to camp. Your child should keep an epipen on them at all times and we will keep the other in our first aid kit, which is always located close to our staff. Please be sure to label all of your child's epipens with their first and last name.

Unused medication: Returned to Parent Y/N or, discarded appropriately (circle one)

By: _____ Date ____/____/____

***Keep in the child's file when medication is finished.**
